BNU Belt and Road School Admission 2027

MBA/MPA Guide

☀ Introduction

Belt and Road School (BRS) is a comprehensive education and research institution within the Beijing Normal University (BNU), one of the most prestigious universities in China boasting a profound history since 1902. The school benefits from the predominant disciplines in liberal arts and science of the University and enjoys a geographical advantage at the beautiful BNU Zhuhai campus within the Guangdong–Hong Kong–Macau Greater Bay Area, one of the world's most open and economically vibrant regions. The Master of Business Administration (MBA) program and the Master of Public Administration (MPA) program offered by BRS are designed for outstanding professionals seeking to advance themselves with world-class education for taking full advantage of exciting opportunities brought by the Belt and Road Initiative.

1.Rich Educational Experience

BRS features rich diversity and high quality. Since its establishment, 848 international students from 95 countries have graduated.

2.World-Class Faculty

BRS values expertise. The faculty members are composed of extraordinary leaders and world-renowned experts in political, academic, finance, business management, and other fields whose work influences industry trends and practices. Meet some of our distinguished faculty teaching staffs:

☀ Programs

MBA program and MPA program each admits 30 students in every academic year. Both MBA program and MPA program require a two-year full-time study. All courses are taught in English. All students enrolled in MBA or MPA program are required to fulfill the credit requirements and pass the thesis defense to graduate. Graduates will earn a degree of Master of Business Administration or Master of Public Administration issued by Beijing Normal University.

1.MBA Program

MBA program prepares pre-experience students with skills and knowledge for advancing careers in a fast growing business environment.

The program will equip students with:

- Theoretical knowledge and analytical methods of business administration
- Sound understanding of international business strategy
- Social responsibility awareness
- Knowledge of the background and mission of the Belt and Road Initiative and the Guangdong–Hong Kong– Macau Greater Bay Area and related business opportunities

2.MPA Program

MPA program offers students with cutting-edge philosophy and prepares them with man agement skills to shape the future of public and management sectors.

The program will equip students with:

- Principal theory, methods, and skills of public administration and public policy
- Skills for cross-cultural communication and management
- Knowledge of the background, main tasks of the Belt and Road Initiative and the Guangdong–Hong Kong– Macau Greater Bay Area and related public policy

3.Core Courses (include but are not limited to)

- Belt and Road：an Introduction
- The Development and Management of the Guangdong-Hong Kong-Macau Greater Bay Area
- Emerging Market Economies and Developments
